CONDITIONS**

WETLANDS AND NON-SITE SPECIFIC PERMIT 2016-01465

Permittee: NH Dept Of Transportation, PO Box 483, Concord, NH 03302-0483
Project Location: Interstate-93, Woodstock
Waterbody: Pemigewasset River

RECEIVED
SEP 19 2016
NH DEPARTMENT OF
TRANSPORTATION

APPROVAL DATE: 08/05/2016

EXPIRATION DATE: 08/05/2021

Based upon review of the above referenced application, in accordance with RSA 482-A and RSA 485-A:17, a Wetlands Permit and Non-Site Specific Permit was issued. This permit shall not be considered valid unless signed as specified below.

PERMIT DESCRIPTION: Replace and re-align the inlet headwall extending the first sections of the twin 72 in. culverts on Rte. 3; repair a 12 in. slope drain and add outlet protection on Rte. 93 southbound impacting 1,030 sq. ft. (732 sq. ft. temporary) of riverine and palustrine wetlands. Compensatory mitigation includes a one-time payment of \$5,040.00 to the Aquatic Resource Mitigation Fund. NHDOT project #40404.

THIS APPROVAL IS SUBJECT TO THE FOLLOWING PROJECT SPECIFIC CONDITIONS:

1. All work shall be in accordance with plans by NHDOT Bureau of Highway Design dated April 25, 2016 as received by the Department on May 24, 2016.
2. Dredged material shall be placed out of the DES Wetlands Bureau jurisdiction unless specifically allowed.
3. Appropriate siltation/erosion/turbidity controls shall be in place prior to construction, shall be maintained during construction, and shall remain until the area is stabilized.
4. Construction equipment shall not be located within surface waters.
5. Discharge from dewatering of work areas shall be to sediment basins that are: a) located in uplands; b) lined with hay bales or other acceptable sediment trapping liners; and c) set back as far as possible from wetlands and surface waters, in all cases with a minimum of 20 feet of undisturbed vegetated buffer.
6. Within three days of the last activity in an area, all exposed soil areas, where construction activities are complete, shall be stabilized by seeding and mulching during the growing season, or if not within the growing season, by mulching with tack on slopes steeper than 3:1 or netting /matting and pinning on slopes steeper than 2:1.
7. Where construction activities have been temporarily suspended within the growing season, all exposed soil areas shall be stabilized within 14 days by seeding and mulching or if temporarily suspended outside the growing season, all exposed areas shall be stabilized within 14 days by mulching, mulching with tack on slopes steeper than 3:1 and stabilized by matting and pinning on slopes steeper than 2:1.
8. The contractor responsible for completion of the work shall utilize techniques described in the New Hampshire Stormwater Manual, Volume 3, Erosion and Sediment Controls During Construction (December 2008).
9. Extreme precautions to be taken within riparian areas to limit unnecessary removal of vegetation during road construction and areas cleared of vegetation to be revegetated as quickly as possible.
10. There shall be no further alteration to wetlands or surface waters without amendment of this permit.
11. Proper headwalls shall be constructed within seven days of culvert installation.
12. Work shall be done during low flow.

DES Web site: www.des.nh.gov

P.O. Box 95, 29 Hazen Drive, Concord, New Hampshire 03302-0095

Telephone: (603) 271-3501 • Fax: (603) 271-6683 • TDD Access: Relay NH 1-800-735-2964

13. Prior to construction the applicant shall provide a report or plans stamped by the wetland scientist.
14. This approval is not valid until DES receives a one-time payment of \$5,040.00 to the DES Aquatic Resource Mitigation (ARM) Fund.

The applicant shall remit payment to DES. If DES does not receive payment within 120 days of the date of this approval letter, DES will deny the application.

GENERAL CONDITIONS THAT APPLY TO ALL DES WETLANDS PERMITS:

1. A copy of this permit shall be posted on site during construction in a prominent location visible to inspecting personnel;
2. This permit does not convey a property right, nor authorize any injury to property of others, nor invasion of rights of others;
3. The Wetlands Bureau shall be notified upon completion of work;
4. This permit does not relieve the applicant from the obligation to obtain other local, state or federal permits, and/or consult with other agencies as may be required (including US EPA, US Army Corps of Engineers, NH Department of Transportation, NH Division of Historical Resources (NH Department of Cultural Resources), NHDES-Alteration of Terrain, etc.);
5. Transfer of this permit to a new owner shall require notification to and approval by DES;
6. This project has been screened for potential impacts to **known** occurrences of rare species and exemplary natural communities in the immediate area. Since many areas have never been surveyed, or have received only cursory inventories, unidentified sensitive species or communities may be present. This permit does not absolve the permittee from due diligence in regard to state, local or federal laws regarding such communities or species.
7. Review enclosed sheet for status of the US Army Corps of Engineers' federal wetlands permit.

APPROVED: 
Lori L. Sommer
DES Wetlands Bureau

RE: New Hampshire Department of Environmental Services (NHDES)
Wetlands Bureau File #2016-01465, INTERSTATE-93, WOODSTOCK

Dear Sir or Madam:

This letter confirms the receipt of \$5,040 for culvert improvement projects for the sale of 7 stream credits noted below to compensate for the following impacts to habitats in the Pemigewasset-Winnepesaukee Rivers watershed/service area. These impacts are authorized by NHDES and the Corps permits as follows:

# of Credits	Wetland Type	Service Area
7	Stream impacts (13-feet of left bank and 8-feet of channel)	Pemigewasset-Winnepesaukee Rivers

By making this payment, the Permittee permanently transfers responsibility for the mitigation liability to DES, Aquatic Resource Mitigation (ARM) Fund Program. By accepting the mitigation payment, DES is solely responsible for use of these funds, less an administrative fee, to provide compensatory mitigation for the above-described impacts.

Sincerely,

Lori L. Sommer
DES Wetland Mitigation Coordinator

**NOTICE TO RECIPIENTS OF
MAJOR IMPACT NH WETLANDS PERMITS**

Your permit was approved by the New Hampshire Wetlands Bureau as a major impact project, and your project will be reviewed by the US Army Corps of Engineers for possible approval under the Army Corps New Hampshire State Programmatic General Permit – SPGP. The Army Corps will notify you within thirty (30) days as to whether you qualify.

*****NO WORK SHOULD BE DONE IN WETLANDS
UNTIL YOU RECEIVE THAT NOTICE*****

If you do not hear from the Army Corps within thirty (30) days, you should call them at 1-800-343-4789 (ME, NH, VT, CT, RI); 1-800-362-4367 (MA).
